Sep 20, 2020 If you are on windows 8x or 10x and you don't have an optical drive, there is a way to run the game by mounting the ISO as a drive. I found a way to make it work using the ZIO driver. Disc 2 - The Nero ISO mount option is to use a 3rd party mount utility like ZIO and mount the disc on your hard drive as a drive. Just be patient for a little while when installing the game to let it auto-detect the disc. It might also take a while before it shows up. May 25, 2020 So in my case, my crack disc 2 wasn't working. My friend suggested that the crack disc 2 had the same thing that happened to me. So i just swapped my Disc 2 with the legit disc 2 and it works. Just keep in mind, that your PC might ask you to insert disc 2 again. Don't worry, I had the same problem. In my PC it wasn't detected after a while. I even tried another 3rd party mount utility and I had the same thing again. After swapping back the crack disc to the legit disc, it started working. RUNNING FTOGOLIGHT INSTALLER ON LAN DURING SECOND CODEC INSTALLATION Sep 23, 2019 The easiest way to install the game's video drivers are to use GOG's torrent upload manager. If you're not using GOG I suggest you do. Simply download the torrent and upload it to GOG. You can follow the tutorial here. Once you have GOG online, here's how you can install the missing codecs: 1. Go to inside the torrent file folder and search for 'install.cfg'. Install2. Click the 'Install.cfg' file. It will let you install all the missing video codecs.3. After that, goto options\advanced\settings\2. Click 'Apply Changes'. Now you will be able to play the game's videos. 19/09/2019 The game is working after I changed the uncrack name to The Underground 2 v1.0 Full Game as well as having a new mount tool.. "a just mounted with some short code, then the game not even care disc 2 is exist", i think it's the code in Apr 8, 2019 The official method for the crack is to use FTOGOLIGHT which is a tool made by the developer 82138339de
